This Company should be avoided at all costs its an open site for sales scamming, Tengjie.en.alibaba.com Electronic Trade Co.,LTD or www.tjzcn.com

ADD: 9F Fuyiyaju ,B building .Zhenhua Road. shenzhen .china

no longer on Alibaba under this name, but if you talk to any sales person on this site and get a link to tjzcn.com or (post.it) in your email, you lose your money,and you will not get anything in return.

Grand Power Industry and Trade Co. Ltd they are using this good company s name to cheat people, if you do not want Training equipment do not use this company for electrical items.

got scammed by PT.PUCAK HARAPAN. The seller was Rommi Amban. I was told originally that the minimum set for some DUB rims were 1 set. Later i was sent an email and an invoice by the seller that the minimum buy was 2 sets. So i was aked to give another \$700 USD on top of the \$1000 USD i had already sent in as payment. I sent the money and was given a tracking number. i tracked the shipment..and it's still showing Japan. I was told that my shipment would only be around 5 days. Looking further at my invoice i see that is was bogus. So, that has to go for the tracking too. Try to contact seller and he won't send any response to what's going on. I just want a refund. Even that seems to be an issue. DO NOT buy from ROMMI AMBAN from PT. PUCAK HARAPAN. It is a scam. lost \$1700 USD

MANY has suffered silence (either do not receive goods or poor quality)
